Together we move South Africa forward

**South Africa is a better place to live
in after 25 years of freedom.**

**Since 1994, we have moved from an
oppressive society to one which values
human rights for all through advancing
human development and restoring
human dignity.**

**Our vibrant democracy is anchored
by the Constitution which guarantees
equal rights for all.**

**We must continue to build on the
significant progress made in the past
25 years of freedom and democracy.**

**Let us work together to build a South
Africa that works for everyone.**
