The ICC Durban is one of the most advanced conference facilities in the world and the largest in Africa. It has hosted, among others, the first Brazil, Russia, India, China and South Africa (BRICS) Summit on African soil in March 2013.

Business-events tourism in South Africa is an area with significant growth potential. The country has secured 88 major bids for the period 2013 until 2017. Jointly, these bids will attract R2,6 billion to the tourism economy and bring an estimated 200 000 delegates to the country. One of the biggest will be the 21st International AIDS Conference, which will be held in 2016 in Durban.
